Mr. Justice,

Wanda mentioned to you last week that Sara Sonet had called about a lower court opinion you requested in Migra. The opinion is attached. Chris Vasil (Clerk's office) brought it up. He said that Sara had called him and he, in turn, called the state court. He apologized for the quality of the reproduction, but said that this is what they sent him and when he tried to zeroz it, the quality worsened. I told him that I thought you would understand.
