

Supreme Court of the United States  
Washington, D. C. 20543

CHAMBERS OF  
JUSTICE BYRON R. WHITE

January 5, 1989

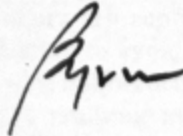

86-1088 - City of Canton v. Harris

Dear Bill,

I made a doubtful fifth vote at Conference to reverse outright, but soon thought better of it, preferring to have the Court of Appeals deal with the question whether a new trial is to be had, an issue that is not all that open and shut since four Justices would still reverse rather than remand.

As presently advised, I shall leave the draft as it is and await Sandra's writing.

Sincerely yours,

Justice Brennan
